

Reign Construction was founded in 2016 by Bridget Booker, an Ironworker of Local 112.

#### HCCTP TRAIL BLAZER AWARD

1st Black Journey-Woman in Local 112 and union Ironworker contractor in the State of Illinois

Her powerful testimony at the Women Build Nations Conference, recounting the loss of her son during her apprenticeship, ignited a change in the industry. This led to the establishment of the country's first-ever maternity leave policy in construction, implemented by the International Ironworkers Association."
